

5405 Johnsontown Road

Metro Public Works is widening Johnsontown Road. Public Works needs to obtain a 10-foot strip across the front of 5405 Johnsontown Road to widen the right of way. Public Works also needs a temporary easement over an additional 10-foot strip next to the right of way to use during construction. The owner of the property cannot be located. Metro Inspections Permits and Licenses has inspected the property and found the house vacant. A condemnation action against the property would allow Public Works to obtain the needed tracts and proceed with the project.
